

There will be 2 places to add a new request for each car related to the car owner ,the first one is:

My Cars

Ssangyong Tivoly XLV 2022	Add Request
Mitsubishi Lancer 2018	Add Request

If the user clicks on “Add Request” it means that this request will be related only for this car .
Once the user clicks on “Add Request” , the below screen should be displayed:

If the car owner clicks on "Spare Parts" then display the below screen

10:09

4G

Category

Headlight & Lighting

Engine & Drivetrain

Brakes, Suspension & Steering

Interior Parts

Body Parts

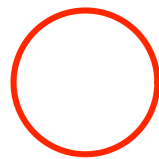

Tires & Rims

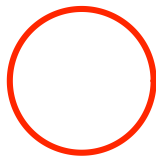

Electrics & Electronics

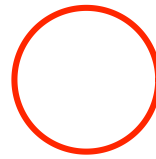

Select Parts

English

Arabic

Trade Name

Once the user select one of the three options to search, then the below descriptions for the spare parts should be changed according to his selection

Search

Brakes, Suspension & Steering

Brake Discs, Pads & Calipers

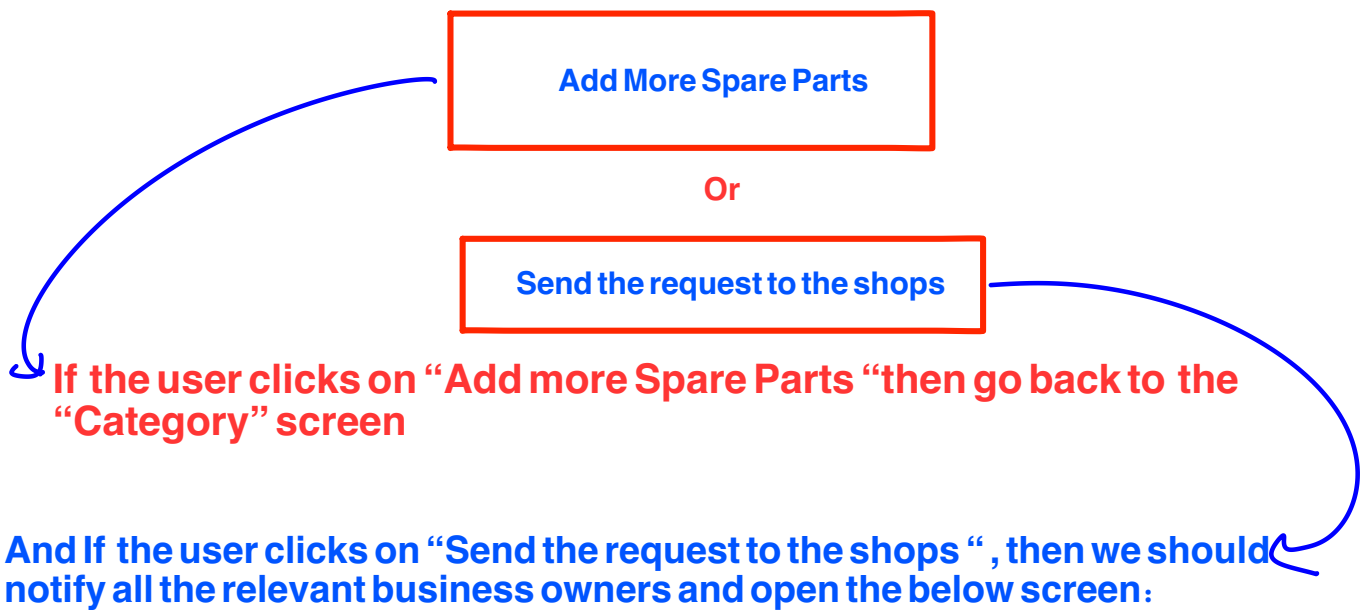

Other Brakes,
Suspension & Steering
Parts

ABS Pump & Components

Once the user selects any spare parts , pop-up field should be displayed to enter the quantity

Or we can display one Numeric field for the quantity next to each spare part as I prefer this option.

My Cars

Ssangyong Tivoly XLV 2022	Add Request
Mitsubishi Lancer 2018	Add Request

Then Car owner can add new request

Spare Parts

Tires
